

## **June and July 2023 Bridgerland BCHU Minutes**

Hello Friends. So, the last 2 months meetings have just merged into one. June, we had the Summer Social and that went off without a hitch! Many campers came up from Wasatch and other Chapters. It was a great turn out. We started on Wednesday the 28th of June, and most did not leave until the 1st of July. We were able to get the old "outhouse" cut up and packed out on Saturday and had a fantastic time. Our dinner and campfire entertainment was wonderful. Special Thank you to Craig Maughan. His songs and poems were both fun and heartfelt! And Travis Sparks for his mule train that helped get the old toilet out of White Pine.

Someone left a pair of Chaps and another left a bridle. I have both at my home. Call me if they belong to you. I will need a description of them to believe they are yours.

July 5th was our "Vet check" we had a great turn out for that, as well. Special THANK YOU too DVM Karl Hoopes. 10 people attended. Along with 16 horses. We met after and only discussed "updating the ride date list". I will attach a copy to this email. Along with some pictures of both events.

We would like to WELCOME 2 new members, Brittany Christiansen from Beaver Dam and Jennifer Jenson from Millville. They both came up and rode for multiple days. We look forward to getting to know each other better.

Sorry we missed many of you. And you missed out on multiple days of rides, rain and shine.

Happy Trails,

--
