

A zoom meeting was held at 7 p.m., April 6, 2021 for the Central Utah BCH with Lynn Barton hosting it.

1. Charity Layton gave a presentation on hoof pathology and health from 7 pm to 7:30 pm.
2. RIDE April 23-24, Fri to Saturday. Corby will be leading this 4-5 hour ride with a lunch break and will give us an exact mileage to Lassen Draw in Birdseye. He thinks it's about 17 miles from Fairview. Lynn Barton will be making breakfast burritos in a dutch oven, with Joyce providing duck eggs and Corby providing another dutch oven. We will send out more info and an RSVP list. Corby is going this weekend or next to check out the clearance of the ride and do any maintenance work necessary. Joyce reminded you can click the WORK button on BCHU.com and log your hours, including when you leave your home and count your mileage. Our local Forest Service gets additional funding next year for any volunteer hours we log.
3. FOREST SERVICE PROJECT: Laura has been in touch with the Forest Service in Ephraim regarding a proposed project in Canal Canyon to repair the bridge in the meadow going up to Horseshoe Mountain and also to enlarge the parking a little. Tom Smith will follow up and get back with Lynn by next week to make sure we can complete the work on June 12.
4. SERVICE: Jack and Gaylyn Widdison who manage Contoy Arena have asked our club for help clean 50 stalls by Thursday night for an event that's happening Friday morning. Lee, Joyce, Tom, and Patti are going to clean some of the outdoor stalls west of the covered stalls Wednesday morning at 10 am; Lynn and Sheila are going to see if their schedules allow them to go over Wednesday afternoon/evening. All bedding needs to be raked out of the stall and left outside the door; they have only been used overnight and there is no lifting. If you are able to help by Thursday night, even for a short time, please let Joyce know, phone 801-882-3723.
5. EDUCATIONAL TOPICS: Please let Patti Fleming know of any topics you'd like her to arrange for our club.
6. RIDES: These are rides we previously planned. The idea of a ride coordinator was suggested but tabled for the time being.

Feb 6th - Contoy trail/obstacle course (weather permitting) - Joyce Smith

Feb 27th - Aurora (weather permitting) - Jan Stark

End of Mar to 1st of April - Panguitch - Jan Stark
