

## SRBCH Meeting Minutes

July 12, 2024

### Black Canyon Campout

**MEMBERS PRESENT:** Rod, Rodney, Ken, Don, Terri, Wayne, Dale, Patty, Scott, Pricilla, Cynthia

New Member – Erik Sandstrom

### **MEMBER COMMENTS:**

New members, Erik and Mike Mills, not present, need stickers. Don and Dale will make sure they receive a sticker.

**Rod** – Central Ut. BCHU created a video about Canal Canyon. When the narrator asked the film maker what her favorite ride had been thus far she stated the Bookcliffs. They showed a video, however, the video was of the Swinging Bridge area of the San Rafael. You can watch this on You Tube.

**Ken** – he is having problems posting to Facebook. Pricilla explained how to do this. A few things on Facebook they used before are no longer there. Pricilla will check the account and make sure they are administrators.

**Dale** – asked members to either check their emails or text messages, or both. This is how we communicate with members about upcoming events.

**Rodney** – He was at Fish Creek at the corrals SRBCHU helped build. All the corrals were being used, so it has been a beneficial project.

**Ken** – He received the \$500 check for the GoPro. He also talked about some structures that have been built and left at the top of Seely Mtn. He showed some pictures. He has also told Myron Jeffs, Forest Service, about the structures.

### **OLD BUSINESS:**

1. Goblin Valley – nothing new. Don will reach out to the ranger, Drew, at the end of the summer. Hopefully the project can be completed this fall.
2. GoPro – Wayne is still learning how to work the Go Pro.
3. Carbon County Trails – nothing new.
4. BLM travel plan is out for open comment until July 22, 2024. The PLPCO site makes it much easier to read the maps. You can make a comment on the PLPCO site and they will send you another email in letter format that you can then copy and paste into the BLM site. It is important for members to review the maps and make comments.
5. Chainsaw training – We now have a dedicated forest service employee, Brian Burbage, who will handle the chainsaw training for the Forest Service. This position has been removed from fire fighting and moved to recreation. There are no other classes scheduled for this year.
6. Finances – Same as last month \$26,500.

**NATIONAL NEWS:** Nothing to report on

**NEW BUSINESS:**

1. **PROJECTS COMPLETED IN 2024:** Josephite Point Trail – Bridges completed; Moore trail – highline/tie rail completed; Goblin Valley – pipe welded and delivered, waiting to hear about installation; Indian Springs – Emery Co. reworked the road
2. **TRAIL CLEARED TO DATE IN 2024:**  
Moore Canyon, Horse Cyn to head of Blind, down to Spoon creek, Huntington and Scad Valley, to Seely Cyn; Black Cyn; Shoofly Cyn. Tie Fork; Josephite Trail; Double D Trail
3. **POSSIBLE TRAILS TO WORK ON:** Saw Mill, Short Cyn, Sinkhole to Castle Valley Ride
4. **POSSIBLE MONTHLY RIDES:** To be discussed at next meeting.

**Next meeting August 1, 2024 @ 6:30 @ Emery County Administration Building.**
