The Youth were able to braid a lead rope into a very nice clip. Leslie, Linda's daughter, was spectacular in involving the youth and parents in singing and entertainment. Linda did a great job with the food! 10-12 youth attended.

Richard Webb will put together project with **Trails Foundation of Northern Utah.**

Fly Spray Danger: Only use water base fly spray. Oil base may blister. Equiderma was used by Nancy McKay and her horse blistered. Just lightly mist with Equiderma if you are using it and keep them out of the sun.

Swat is a great fly deterrent for horses that get bitten a lot and is great to put on their faces.
